

Entrepreneurial initiative

Let us think together

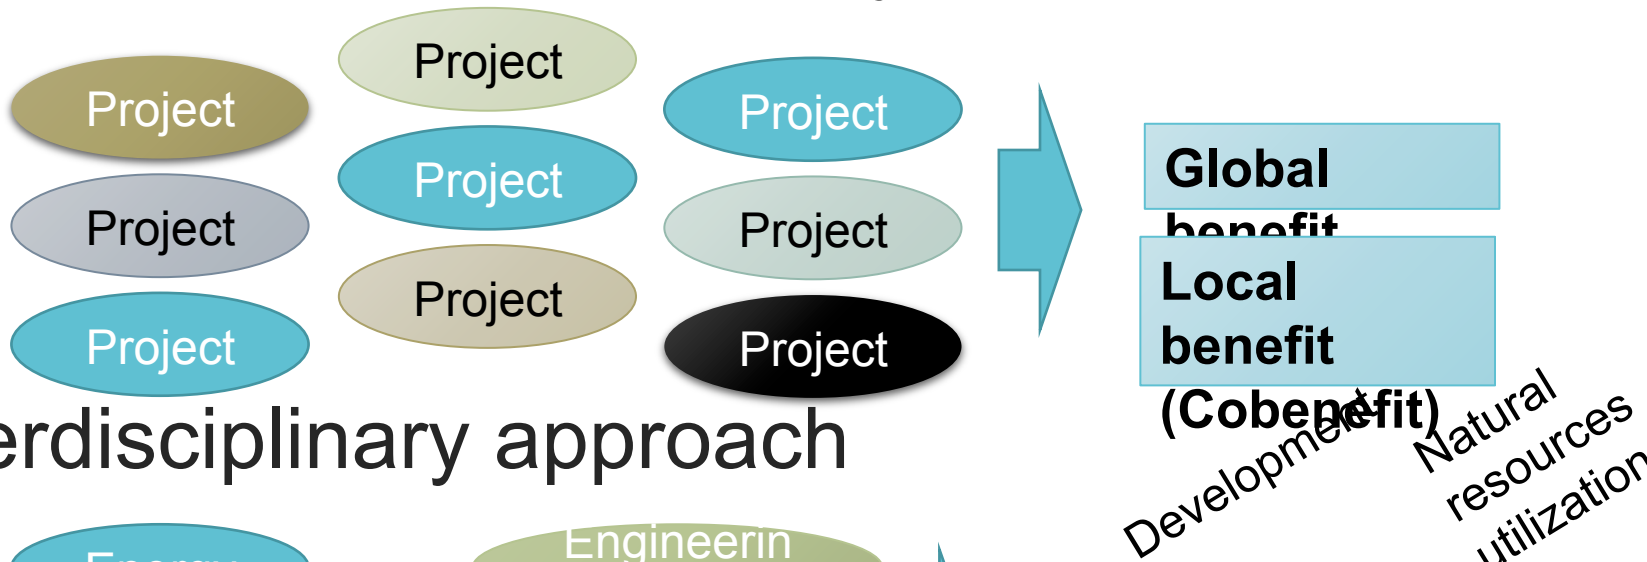

Ken Fukushi. Ph.D.

Professor, IR3S, The University of Tokyo

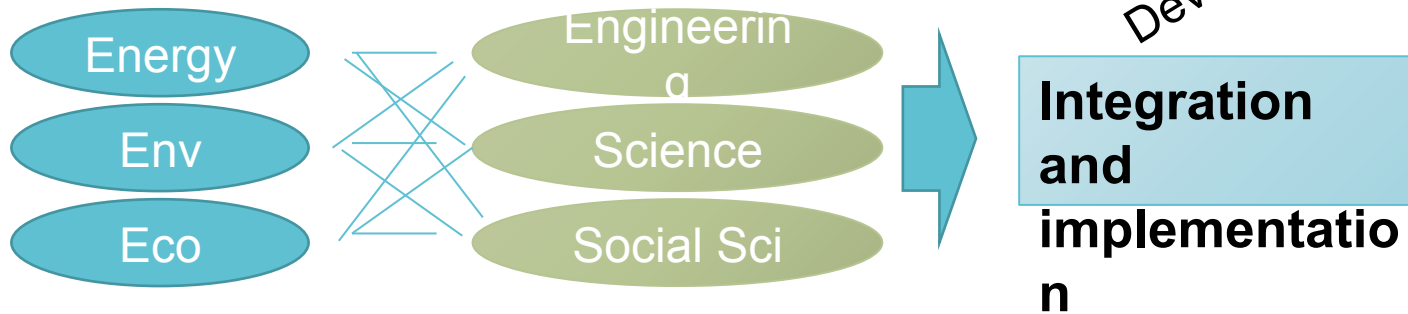

Japan

Nature of 3E nexus initiative

Global benefit, local activity

Interdisciplinary approach

Project implementation

- Stakeholder involvement is vital for implementation of the projects
- Stakeholders (*1):
 - Research
 - Science-Policy Interfaces
 - Governments
 - Development organization
 - Business and industry
 - Civil society (NGOs etc.)
 - Media

*1: Adopted from Future Earth Initial Design (www.futureearth.info)

Discussion

University network for human resource development in 3E

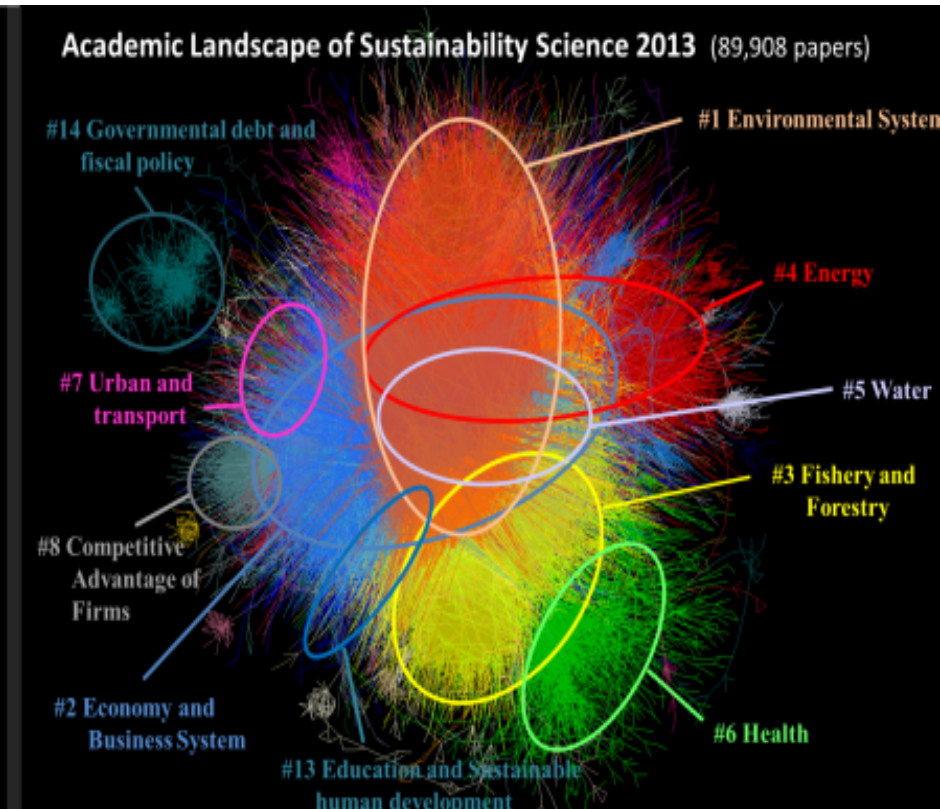

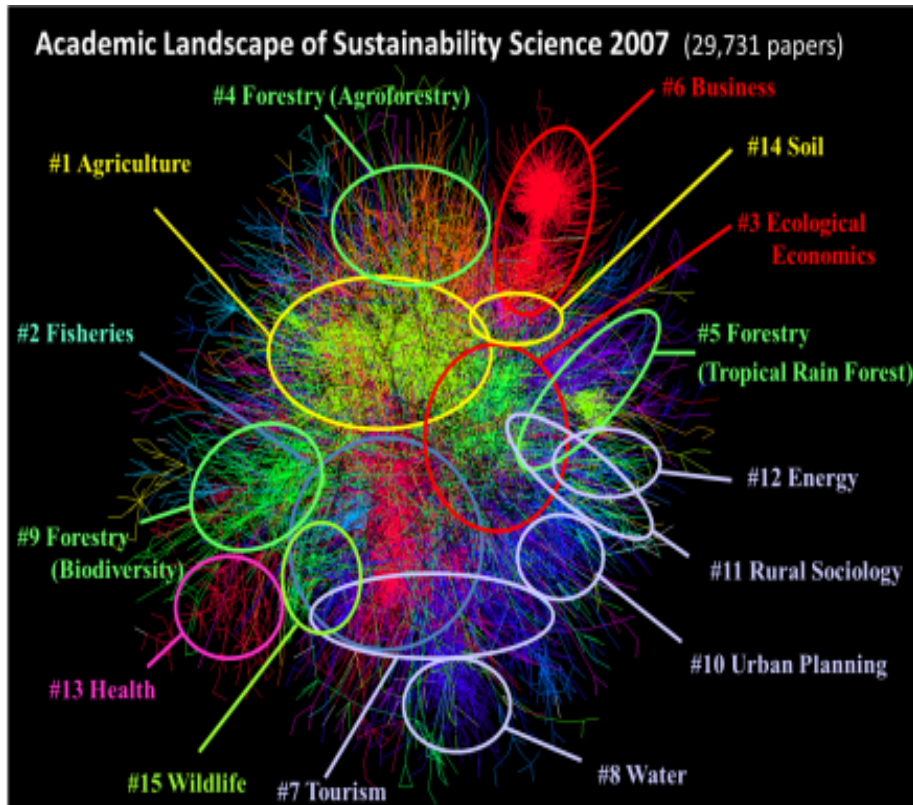

nexus

- Role of universities in the society
- Research and education
- Long term
 - Student involvement in the project with a partnership with industries
 - Education through research projects (indicator, monitoring, evaluation, potential FS, baseline data etc.)
- Short term
 - Training course for professionals through international network
 - Training course for local people with community partnership

JCM, GEF,
GCF etc.

One stop service and human resource development

Think inter-relationship
